

Hard Type Hyperbaric Oxygen Chamber OLV-YT01

OLV-YT01

COMPOSITE MATERIAL

Unique environmen-
tally friendly
composite material

INFRARED DISINFECTION

Equipped with UV
disinfection

AUTOMATIC PRESSURE RELIEF

Releases pressure in
emergency
situations

- ▶ Unique environmentally friendly composite material, light texture, high strength, wear-resistant and corrosion-resistant
- ▶ Equipped with UV disinfection/internal lighting design/internal color touch screen
- ▶ 3-in-1 Oxygen Concentrator: Air compressor Oxygen concentrator & Air cooler in one machine
- ▶ Intelligent detection cavity pressure and automatically release pressure in emergency situations

TECHNICAL SPECIFICATIONS

Chamber		Oxygen Concentrator	
Pressure	1.3ATA(4.5PSI) / 1.5ATA (7.2PSI) 2.0ATA(14.5PSI) Adjustable	Flow Rate	Oxygen Flow: 10L/min Air Flow: 110L/MIN
Material	Composite material	Voltage	AC 220V 50HZ AC 110V 60HZ
Size(cm)	225x82x77 cm (89"33"31")	Size(cm)	40x47 x107 cm
O ₂ Purity	Less than 30%	O ₂ Purity	93% ± 3%
Language	English / French / German / Italian / Spanish		
Chamber color	Dark Blue / Light Blue / Silver		
Standard accessories	2 x Automatic pressure relief valves 1 x Manual pressure relief valve 5 x Connector 2 x Walkie talkies 2 x Headset oxygen tube	1 x Humidifier Bottle 2 x Color touch screen 1 x Floodlight 1 x Sterilizing lamp	
Screen display	Chamber pressure; Oxygen purity; Setting pressure; Setting time; Running time; Total working time
